Cairns Craig explores the ways in which associationist conceptions of literature gave rise to some of the key transformations in British writing between the romantic and modernist periods. In particular, he analyses the ways in which authors' conceptions of the form of their readers' aesthetic experience led to radical developments in literary style, from the fragmentary narrative of Sterne's *Tristram Shandy* in 1760 to Virginia Woolf's

Since 1930, the Pininfarina design firm of Turin, Italy, has been answering that question. This is where the Cistalia 202 was developed, the first vehicle to be added to MoMA's permanent collection. The list goes on: the interior of the new stadium for Juventus Turin, the Nash Healey Spider seen in Billy Wilder's Sabrina, and the legendary Ferrari Dino 246 and Ferrari Testarossa.
