Cancellations for courses with a flight simulator training device training element received less than sixty (60) calendar days prior to class start day may be assessed full training charges. Customer may cancel all other training services on or before ten (10) working days prior to class start date to avoid a cancellation fee.

~~AS355 Start-Up Flight Manual—partstop.com~~

A book about the AS 350 and the AS 355, and their operating characteristics.

An official publication of the Federal Aviation Administration, this is the ultimate technical manual for anyone who flies or wants to learn to fly a helicopter. If you’re preparing for private, commercial, or flight instruction pilot certificates, it’s more than essential reading—it’s the best possible study guide available, and its information can be lifesaving. In authoritative and easy-to-understand language, here are explanations of general aerodynamics and the aerodynamics of flight, navigation, communication, flight controls, flight maneuvers, emergencies, and more. Also included is an extensive glossary of terms ensuring that even the most technical language can be easily understood. Helicopter Flying Handbook is an indispensable text for any pilot who wants to operate a helicopter safely in a range of conditions. Chapters cover a variety of subjects including helicopter components, weight and balance, basic flight maneuvers, advanced flight maneuvers, emergencies and hazards, aeronautical decision making, night operations, and many more. With full-color illustrations detailing every chapter, this is a one-of-a-kind resource for pilots and would-be pilots.
