Fabien Vehlmann, Quai des Bulles, Saint-Malo, 2010 Fabien Vehlmann, born in 1972 in Mont-de-Marsan, grew up in the Landes and the Savoie. He studied in Nantes. He started writing comics in 1996, but only got to work for Spirou magazine the next year, where he provided very short stories for the weekly summary of the magazine.

Fabien Vehlmann - Wikipedia

This collaboration between Fabien Vehlmann and Kerascoët (the latter is a pseudonym for art team Marie Pommepuy and Sébastien Cosset) starts off like Alice in Wonderland, moves quickly into Candide and concludes like Kill Bill. In other words, it is quite a ride. Like the antiquated, unbowdlerized versions of fairytales left in old world Europe, it contains quite a bit of the darkness ...

A group of little people find themselves without a home in this horror fantasy classic Newly homeless, a group of fairies find themselves trying to adapt to their new life in the forest. As they dodge dangers from both without and within, optimistic Aurora steps forward to organize and help build a new community. Slowly, the world around them becomes more treacherous as petty rivalries and factions form. Beautiful Darkness became a bestseller and an instant classic when it was released in 2014. This paperback edition of the modern horror classic contains added material, preparatory sketches, and unused art. While Kerascoët mix gorgeous watercolors and spritely cartoon characters, Fabien Vehlmann takes the story into bleaker territory as the seasons change and the darkness descends. As with any great horror, there are moments of calm and jarring shocks while a looming dread hangs over the forest.

BEST OF THE YEAR NODS FROM AMAZON.COM AND PUBLISHERS WEEKLY! "Kerascoët... render Aurora and her friends in the huge-eyed style of classic children's book illustrations, but cuteness is just another Darwinian survival strategy here. Even on her clover-high scale, as Aurora discovers, romance is decided by social pecking order and murderous deceit."--Douglas Wolk, New York Times Kerascoët's and Fabien Vehlmann's unsettling and gorgeous anti-fairy tale is a searing condemnation of our vast capacity for evil writ tiny. Join princess Aurora and her friends as they journey to civilization's heart of darkness in a bleak allegory about surviving the human experience. The sweet faces and bright leaves of Kerascoët's delicate watercolors serve to highlight the evil that dwells beneath Vehlmann's story as pettiness, greed, and jealousy take over. Beautiful Darkness is a harrowing look behind the routine politeness and meaningless kindness of civilized society.

In 1930s Paris, the "Butcher of the Dances" is on the prowl for young, loose women, and local dominatrix Agatha suddenly turns up dead. Everyone assumes it was suicide, but her sister Blanche is convinced that the Butcher is responsible. She decides to take matters into her own hands, and in her pursuit, she ends up hired into a luxury house of call-girls. She soon becomes adept at certain practices, but she does not lose sight of her ultimate goal—to find her sister's killer. A suspenseful spicy tale as only the French could so lightly get away with, this work is deceptive in its depth and realism.

One family's quest to survive the devastation of the Khmer Rouge Year of the Rabbit tells the true story of one family's desperate struggle to survive the murderous reign of the Khmer Rouge in Cambodia. In 1975, the Khmer Rouge seized power in the capital city of Phnom Penh. Immediately after declaring victory in the war, they set about evacuating the country's major cities with the brutal ruthlessness and disregard for humanity that characterized the regime ultimately responsible for the deaths of one million citizens. Cartoonist Tian Veasna was born just three days after the Khmer Rouge takeover, as his family set forth on the chaotic mass exodus from Phnom Penh. Year of the Rabbit is based on firsthand accounts, all told from the perspective of his parents and other close relatives. Stripped of any money or material possessions, Veasna's family found themselves exiled to the barren countryside along with thousands of others, where food was scarce and brutal violence a constant threat. Year of the Rabbit shows the reality of life in the work camps, where Veasna's family bartered for goods, where children were instructed to spy on their parents, and where reading was proof positive of being a class traitor. Constantly on the edge of annihilation, they realized there was only one choice—they had to escape Cambodia and become refugees. Veasna has created a harrowing, deeply personal account of one of the twentieth century's greatest tragedies.

The story of one undocumented immigrant's journey, told by the people who employ him, feed him, and report him Translated by Helge Dascher The Strange follows an unnamed, undocumented immigrant who tries to forge a new life in a Western country where he doesn't speak the language. Jérôme Ruillier's story is deftly told through myriad viewpoints, as each narrator recounts a situation in which they crossed paths with the newly-arrived foreigner. Many of the people he meets are suspicious of his unfamiliar background, or of the unusual language they do not understand. By employing this third-person narrative structure, Ruillier masterfully portrays the complex plight of immigrants and the vulnerability of being undocumented. The Strange shows one person's struggle to adapt while dealing with the often brutal and unforgiving attitudes of the employers, neighbors, and strangers who populate this new land. Ruillier employs a bold visual approach of colored pencil drawings complemented by a stark, limited palette of red, orange and green backgrounds. Its beautiful simplicity represents the almost child-like hope and promise that is often associated with new beginnings. But as Ruillier implicitly suggests, it's a promise that can shatter at a moment's notice when the threat of being deported is a daily and terrifying reality. The Strange has been translated from the French by Helge Dascher. Dascher has been translating graphic novels from French and German to English for over twenty years. A contributor to Drawn & Quarterly since the early days, her translations include acclaimed titles such as the Aya series by Marguerite Abouet and Clément Oubrerie, Hostage by Guy Delisle, and Beautiful Darkness by Fabien Vehlmann and Kerascoët. With a background in art history and history, she also translates books and exhibitions for museums in North America and Europe. She lives in Montreal.

Nominee: The Community of Literary Magazines and Presses, Firecracker Awards, Graphic Novel When the repulsively ugly Coddie unintentionally saves a fairy from a spell, she does not understand the poisonous nature of the wish granted her by the fairy. The village folk no longer see her as repulsive and stinking of fish—they now perceive her as magnetically beautiful—which does not help her in her village. A young local lord saves her, but it soon becomes apparent that Coddie's destiny may be far greater than anyone ever imagined. Caustic and flamboyant, this fairy tale offers grownups an engrossing take on the nature of beauty.

A story about political organizing and the power of community Translated from French by Helge Dascher Valérie Plante stood up to the patriarchal power system of her city, took down an incumbent, and became the first woman elected Mayor of Montreal. Her origin story comes alive in Okay, Universe. This captivating graphic novel—created in a true collaboration with Governor-General Award-winner Delphie Côté-Lacroix—follows her journey from community organizer and volunteer to municipal candidate, and the phone call from the local social justice political party that changed her life forever. Okay, Universe is the first time Plante has told her story, and she has chosen an art form that is not just emblematic of the city of Montreal and its love of the arts and bande dessinée, it's an art form that is accessible to all readers and perfectly suited to her message. With patience, determination, and the strength of will to remain true to her core beliefs, Okay, Universe details the inspiring political campaign where slowly but surely she gained the trust of a neighbourhood fighting for affordable housing, environmental protections, and equal opportunities. Okay, Universe demystifies the path to success, simultaneously showing the Mayor's inextinguishable commitment to creating positive change in the world and educating about the vitality of political engagement."

Investigates the origin and heyday of black minstrelsy and discusses whether or not the art form is actually still alive in the work of contemporary performers--from Dave Chappelle and Flavor Flav to Spike Lee.

Birds wasting away in a national park, refusing to migrate. Identical geometric markings on the wings of completely different insect species. A pillar of dust in the desert. A small-time hood travels to India's shipbreaking yards in search of a giant nuclear-powered construction robot. A big-time crime boss makes a killing off the Algerian Revolution, in a world where it happened fifteen years later than in our own. "A good story," insists reporter Françoise Halfort, visited abruptly by a post-menopausal pregnancy, "is one that draws unexpected connections between seemingly unconnected events." Four star creators join talents on a vast canvas that takes in the entire French 20th century.

A sad and cautionary tale of mystery, fame, murder, and innocence May 28, 1828, marked the beginning of the official life of Kaspar Hauser, a young man who appeared mysteriously in the streets of Nuremberg and died of knife wounds five years later under equally mysterious circumstances. "Europe's child," as pamphleteers referred to him, captured the imagination of salon society. Allegedly raised in a dark cellar and deprived of human contact until the age of sixteen, he became the proof of a concept for theories about natural man, original sin, and the civilizing mission of culture. Rightful heir to the throne of Baden or a fraud? Redeemer of man's sins or "ambulatory automatist"? The curious circumstances and significance of his life have been disputed ever since. In Kaspar, Quebec cartoonist Diane Obomsawin draws on Hauser's own writings, and contemporary accounts, to tell the foundling's strange story. Minimalist grayscale panels and the simplest of line work register the wonder and bewilderment of a trusting and sensitive soul emerging into a fickle society. Gentle and poetic, naïve and profound, Obomsawin's first book to appear in English translation has a quiet and compelling charm.
