Created for Work offers devotional readings from the work experiences of a finishing carpenter. He recounts stories from his career that illustrate the points he makes, all of which are based in sound Biblical teachings. While I had selected the book with my boys in mind, I found myself encouraged and my attitude challenged in many of the readings.

"Modern culture seems addicted to ease and entertainment. It has produced a generation of educated yet often dishonest, unproductive, and weak-willed men. God desires higher standards for His people. He is looking for young men who do not shy away from hard work, who are not afraid to get their hands dirty, who can follow directions, think creatively, respect authority, and happily complete their duties in a timely manner. These are the ones He is training up to be future fathers, teachers, and Leaders. 'Created for Work' inspires young men and offers the tools and encouragement they need to embrace God's ways

Computer chip industry veteran Bartleson provides ideas for creating better standards, increasing respect for the standardization process, and ways for leveraging others' industry expertise to create more effective technical standards.

Practical Happiness offers young men counsel as to how they can find the path that leads to inner joy and lasting contentment. Through short captivating stories, Bob Schultz has crafted a book to lead young men toward a life of contentment that can be found only by seeking the heart of God. Young men will learn that happiness is not found in what they have, where they go or their next exciting adventure, but rather in their attitude and response to life??????especially when things aren't going "their" way. Practical Happiness will light a fire in the hearts of young men, leading them to a life of personal fulfillment as they draw closer to God.

God's Career Guide is a Bible-based handbook for the working Christian. Utilizing key Bible verses and proven spiritual principles as well as a study guide this insightful manual will be your starting point toward a more fruitful work experience at every level. Coaching is one of the most sought-after leadership skills - vital for anyone who wants to develop a team of people who will perform effectively, but are also motivated and relish working together. It's also a dynamic discipline which, in recent years, has developed and grown to embrace theory and practice from a wide range of other disciplines, frameworks and models. Mastering Coaching starts by asking what skills an effective coach must now possess to boost the performance of their coachees. In response, it summarises the most important research in areas such as neuroscience, sports psychology and mindfulness, positive psychology, mastery and goal-setting and offers a clear, simple and practical guide to how this new thinking can help coaches and managers to develop their own coaching practice.

Written by Max Landsberg, executive coaching and professional development expert and author of the perennial bestseller *The Tao of Coaching*, *Mastering Coaching* goes beyond the basics of coaching by providing insights which offer a proven route map to coaching success. Practical and jargon-free, the book will equip readers with the techniques and tools necessary to take their coaching to the next level.

Bob Schultz, a carpenter by trade, has written a timeless book for boys. Wisdom and common sense are gleaned from short chapters covering topics such as authority, inventiveness, and honesty as well as learning to overcome things like fear, laziness, and temptation. *Boyhood and Beyond* motivates boys to build their lives on a foundation of strong moral principles. Most importantly, these chapters will encourage boys to become the men God wants them to be as they develop a relationship with Him. This is a life book designed to be read and lived out in a boy's life, thus becoming one of his building blocks to godly character and, ultimately, manhood.

Unlocking E-Government Potential: Concepts, Cases and Practical Insights serves as a practical guide

for conceptualizing and implementing e-government at the local, state and national levels and provides an overview of the global experience in implementing the same. This book is a sequel to the author's earlier book, *E-Government: From Vision to Implementation*. It describes the evolution of e-government applications over a period of four years through cases and illustrations and explores its potential impact on cost of access, quality of service and quality of governance for citizens and businesses, and on transparency and corruption. The book presents empirical results from impact assessment studies done during 2006–08 for nearly 50 e-government projects. Among other issues, it discusses the strategy for making e-government work for the poor. The case studies of e-government applications cover a wide range—serving different types of clients, focusing on different purposes, and built by different tiers of government. These cases explain the application context, new approaches embodied in the e-government application, challenges faced during implementation, benefits delivered and costs incurred. This book will be of interest to management professionals and those with a public administration background. It will also be very useful for students enrolled in university programmes dealing with ICT and development and international academic courses on e-governance.

“Edward Sri is a gifted teacher and an equally talented writer. This book shows why. He breaks open Karol Wojtyla's great text, *Love and Responsibility*, in a way that's clear, engaging and very practical for the challenges of daily life.” – Charles J. Chaput, O.F.M., Archbishop of Philadelphia. This updated and expanded edition of Edward Sri's classic meditation on Pope John Paul II's *Love and Responsibility* includes a new introduction, new chapters for single people and engaged couples, and the stories of

people whose lives have been transformed by Pope John Paul II's foundational teaching on relationships. Fr. Karol Wojtyla (Pope John Paul II) published *Love and Responsibility* in 1960, revealing a fully formed philosophy of marriage—in which full union can only be achieved when each partner prioritizes the well-being and self-realization of the other. His analysis of the true meaning of human love is life changing and practical, shedding light on real issues between men and women. In *Men, Women and the Mystery of Love*, Edward Sri unpacks the contents of this great work, making it accessible to every reader. He emphasizes the down-to-earth nature of *Love and Responsibility*, giving readers actionable advice on issues such as:

- How to determine if a relationship is one of authentic love or is doomed to failure
- The problem of pornography
- The meaning of friendship
- How to achieve greater intimacy in marriage

Study questions with each chapter make this a valuable resource not only for individual personal reading, but also for small group study.

This new textbook introduces students to the essential concepts, theories and perspectives of Global Marketing and these are supported by real-world case studies from North America, Europe and the emerging markets of China, India and Latin America. These emerging markets are given balanced coverage alongside developed markets and the text also includes a dedicated chapter on emerging markets multinationals. Practical in its orientation, the text equips students with the tools needed to make strategic marketing decisions and find solutions in a global business environment. Key features include: A full-colour text design with photos to help bring the content to life and enhance students' learning 'Spotlight on Research' and 'Expand Your Knowledge', introducing students to some of the seminal scholarly research undertaken in the field 'Real World Challenges' offering additional engaging practice-led examples to Case Studies in chapters and providing a scenario for students to analyse and reflect
