Easing the transition from GCSE to AS level, this textbook meets the 2004 Edexcel specifications and provides numerous worked examples and solutions to aid understanding of key concepts.

Edexcel and A Level Modular Mathematics C4 features: Student-friendly worked examples and solutions, leading up to a wealth of practice questions. Sample exam papers for thorough exam preparation. Regular review sections consolidate learning. Opportunities for stretch and challenge presented throughout the course. 'Escalator section' to step up from GCSE. PLUS Free LiveText CD-ROM, containing Solutionbank and Exam Café to support, motivate and inspire students to reach their potential for exam success. Solutionbank contains fully worked solutions with hints and tips for every q.

"This book helps in raising and sustaining motivation for better grades. These books are the best possible match to the specification, motivating readers by making maths easier to learn. They include complete past exam papers and student-friendly worked solutions which build up to practice questions, for all round exam preparation. These books also feature real-life applications of maths through the 'Life-links' and 'Why ...?' pages to show readers how this maths relates, presenting opportunities to stretch and challenge more apply students. Each book includes a Live Text CDROM which features: fully worked solutions examined step-by-step, animations for key learning points, and revision support through the Exam Cafe."--Publisher's description.

Easing the transition from GCSE to AS level, this textbook meets the 2004 Edexcel specifications and provides numerous worked examples and solutions to aid understanding of key concepts.

No further information has been provided for this title.

Help your students push for the top grades with these focused Revision Guides! Ideal for use alongside the Student Books, they provide worked exam questions, and and hints and tips for focussed revision.

A fearless, wide-ranging book on the state of poetry and American literary culture by Tony Hoagland, the author of What Narcissism Means to Me Live American poetry is absent from our public schools. The teaching of poetry languishes, and that region of youthful neurological terrain capable of being ignited only by poetry is largely dark, unpopulated, and silent, like a classroom whose shades are drawn. This is more than a shame, for poetry is our common treasure-house, and we need its vitality, its respect for the subconscious, its willingness to entertain ambiguity, its plaintive truth-telling, and its imaginative exhibitions of linguistic freedom, which confront the general culture's more grotesque manipulations. We need the emotional training sessions poetry conducts us through. We need its previews of coming attractions: heartbreak, survival, failure, endurance, understanding, more heartbreak. -from "Twenty Poems That Could Save America" Twenty Poems That Could Save America presents insightful essays on the craft of poetry and a bold conversation about the role of poetry in contemporary culture. Essays on the "vertigo" effects of new poetry give way to appraisals of Robert Bly, Sharon Olds, and Dean Young. At the heart of this book is an honesty and curiosity about the ways poetry can influence America at both the private and public levels. Tony Hoagland is already one of this country's most provocative poets, and this book confirms his role as a restless and perceptive literary and cultural critic.
