False Papers is the story of a Jewish family who survived the Holocaust by living in the open. By sheer chutzpah and bravado, Robert Melson's mother acquired the identity papers that would disguise herself, her husband, and her son for the duration of the war. Always operating under the theory that one needed to be seen in order not to be noticed, the Mendelsohns became not just ordinary Polish Catholics, but the Zamojskis, a Polish family of noble lineage. Armed with their new lives and their new pasts, the Count and Countess Zamojski and their son, Count Bobi, took shelter in the very shadow of the Nazi machine, hiding day after day in plain sight behind a facade of elegant good manners and cultivated self-assurance, even arrogance: "You had to shout [the Gestapo] down or they would kill you". Melson's father took advantage of his flawless German to build a lucrative business career while working for a German businessman of the Schindler type. The Zamojskis acquired beautiful homes in the German

quarter of Krakow and in Prague, where they had maids and entertained Nazi officials. Their masquerade enabled them to save not only themselves and their son but also an uncle and three Jewish women, one of whom became part of the family. *False Papers* is a candid, sometimes even humorous account of a stylish family who dazzled the Nazis with flamboyant theatrics then gradually, tragically fell apart after the war. Particularly arresting is Melson himself, who was just a child when his family embarked on their grand charade. A resilient boy who had to negotiate bewildering shifts of identity -- now Catholic, now Jewish; now European aristocrat, now penniless refugee who becomes an American college student -- Melson closes each chapter of his parents' recollections with his childhood perceptions of the same events. Against the totalizing, flattening, unrelenting Nazi behemoth, Melson says, "I wished to pit our very bodies, our quirky, sexy, funny, wicked, frail, ordinary selves". By balancing the adults' maneuvering with the perspective of a child, Melson crafts an account of the Holocaust that is at once poignant, entertaining, and troubling.

An in-depth look at how *The New York Times* failed in its coverage of the fate of European Jews from 1939-45. It examines how the decisions that were made at *The Times* ultimately resulted in the minimizing and misunderstanding of modern history's worst genocide. Laurel Leff, a veteran journalist and professor of journalism, recounts how personal relationships at the newspaper, the assimilationist tendencies of *The Times'* Jewish owner, and the ethos of mid-century America, all led *The Times* to consistently downplay news of the Holocaust. It recalls how news of Hitler's 'final solution' was hidden from readers and - because of the newspaper's influence on other media - from America at large. Buried by *The Times* is required reading for anyone interested in America's response to the Holocaust and for anyone curious about how journalists determine what is newsworthy.

When this book was first published it received some attention from the critics but none at all from the public. Nazism was finished in the bunker in Berlin and its death warrant signed on the bench at Nuremberg. That's Milton Mayer, writing in a foreword to the 1966 edition of *They Thought They Were Free*. He's right about the critics: the book was a finalist for the National Book Award in 1956. General readers may have been slower to take notice, but over time they did--what we've seen over decades is that any time people, across the political spectrum, start to feel that freedom is threatened, the book experiences a ripple of word-of-mouth interest. And that interest has never been more prominent or potent than what we've seen in the past year. *They Thought They Were Free* is an eloquent and provocative examination of the development of fascism in Germany. Mayer's book is a study of ten Germans and their lives from 1933-45, based on interviews he conducted after the war when he lived in Germany. Mayer had a position as a research professor at the University of Frankfurt and lived in a nearby small Hessian town which he disguised with the name Kronenberg. These ten men were not men of distinction, Mayer noted, but they had been members of the Nazi Party; Mayer wanted to discover what had made them Nazis. His discussions with them of Nazism, the rise of the Reich, and mass complicity with evil became the backbone of this book, an indictment of the ordinary German that is all the more powerful for its refusal to let the rest of us pretend that our moment, our society, our country are fundamentally immune. A new foreword to this edition by eminent historian of the Reich Richard J. Evans puts the book in historical and contemporary context. We live in an age of fervid politics and hyperbolic rhetoric. *They Thought They Were Free* cuts through that, revealing instead the slow, quiet accretions of change, complicity, and abdication of moral authority that quietly mark the rise of evil.

"We Will Not Be Intimidated" screamed the headline on the March 3rd, 1933, front page of the *Munich Post*, a newspaper determined to report the truth about Adolf Hitler and the rise of the Nazi party. The headline appeared just days before the newspaper was silenced for good on March 9th. For years as he

Access Free Free Holocaust Papers

plotted for dictatorial power, Hitler encountered a serious obstacle as the courageous and determined editors of the Munich Post, drawing on sources within the Nazi Party, relentlessly tracked and prominently reported the corruption and dark dreams of his inner circle. With leaked documents from Hitler's political rivals, the Post, fearing the worst for Germany's democracy, battled the Fuhrer for ownership of the truth. Though the Nazis filed libel lawsuits, spread anti-press propaganda and even physically assaulted and rounded up journalists of the Munich Post, finally raiding and wrecking the paper's offices, the editors' resistance would not be crushed. "Enemy of the People" brilliantly captures the terrifying times of Germany's Weimar and early Nazi era. And it showcases the courage of a free press, driven to speak truth regardless of the cost. This paperback edition features expanded chapters and more than 30 photos from the archives of The Associated Press.

This edited collection of more than one hundred primary sources from the 1920s, 1930s, and 1940s--including newspaper and magazine articles, popular culture materials, and government records--reveals how Americans debated their responsibility to respond to Nazism. It includes valuable resources for students and historians seeking to shed light on this dark era in world history.

Holocaust and Human Behavior uses readings, primary source material, and short documentary films to examine the challenging history of the Holocaust and prompt reflection on our world today

Recounts the Nuremberg Trials in Germany that brought Nazi war criminals to justice after World War II.

Examining the controversies that have accompanied the publication of novels representing the Holocaust, this compelling book explores such literature to analyze their violently mixed receptions and what this says about the ethics and practice of millennial Holocaust literature. The novels examined, including some for the first time, are: * Time's Arrow by Martin Amis * The White Hotel by D.M. Thomas * The Painted Bird by Jerzy Kosinski * Schindler's List by Thomas Keneally * Sophie's Choice by William Styron * The Hand that Signed the Paper by Helen Darville. Taking issue with the idea that the Holocaust should only be represented factually, this compelling book argues that Holocaust fiction is not only legitimate, but an important genre that it is essential to accept. In a growing area of interest, Sue Vice adds a new, intelligent and contentious voice to the key debates within Holocaust studies.

A guide to literature on the Holocaust for middle-school and high-school students, with annotated entries in such areas as anthologies, biographies, drama, fiction, nonfiction, picture books, poetry and songs, and reference.
