Changes is a four-level general English course for adult and young adult learners. Changes ensures that students have every opportunity to develop confident communicative ability as well as accuracy in English.

A comprehensive and extensively researched overview of key issues in language teaching today. This essential text for English language teachers surveys a broad range of core topics that are important in understanding contemporary approaches to teaching English as a second or international language, and which form the content of many professional development courses for language teachers. A wide range of issues is examined, including a consideration of the nature of English in the world, the way the English teaching profession works, the development of teaching methods, the nature of classroom teaching, teaching the four skills, teaching the language system, and elements of a language program.

New Interchange is a multi-level series for adult and young-adult learners of English from the beginning to the high-intermediate level. The Teacher's Edition features page-by-page instructions directly opposite full-size, full-color reproductions of the Student's Book pages. It also contains teaching suggestions, answer keys for the Student's Book and Workbook, listening scripts, optional activities, and photocopiable Achievement Tests with their own listening scripts and answer keys.

Among major 20th-century composers whose music is poorly understood, Sergei Prokofiev stands out conspicuously. The turbulent times in which Prokofiev lived and the chronology of his travels-he left Russia in the wake of Revolution, and returned at the height of the Stalinist purges-have caused unusually polarized appraisals of his music. While individual, distinctive, and instantly recognizable, Prokofiev's music was also idiosyncratically tonal in an age when tonality was largely passé. Prokofiev's output therefore has been largely elusive and difficult to assess against contemporary trends. More than sixty years after the composer's death, editors Rita McAllister and Christina Guillaumier offer Rethinking Prokofiev as an assessment that redresses this enigmatic composer's legacy. Often more political than artistic, these appraisals have depended not only upon the date of publication but also the geographical location of the writer. Commissioned from some of the most distinguished and rising scholars in the field, this collection highlights the background and context of Prokofiev's work. Contributors delve into the composer's relationship to nineteenth-century Russian traditions, Silver-Age and Symbolist composers and poets, the culture of Paris in the 1920s and '30s, and to his later Soviet colleagues and younger contemporaries. They also investigate his reception in the West, his return to Russia, and the effect of his music on contemporary popular culture. Still, the main focus of the book is on the music itself: his early, experimental piano and vocal works, as well as his piano concertos, operas, film scores, early ballets, and late symphonies. Through an empirical examination of his characteristic harmonies, melodies, cadences, and musical gestures-and through an analysis of the newly uncovered contents of his sketch-books-contributors reveal much of what makes Prokofiev an idiosyncratic genius and his music intriguing, often dramatic, and almost always beguiling.

English Unlimited is a six-level (A1 to C1) goals-based course for adults. Centred on purposeful, real-life objectives, it prepares learners to use English independently for global communication. The Teacher's Pack consists of a Teacher's Book with DVD-ROM. As well as clear teaching notes, the Teacher's Book offers lots of extra ideas and activities to suit different classroom situations and teaching styles. The DVD-ROM provides a range of extra printable activities, a comprehensive testing and assessment program and clear mapping of the syllabus against the CEF 'can do' statements. It also includes the videos from the Self-study Pack DVD-ROM for classroom use.

This easy-to-use, research-based literacy center focuses on the five areas of reading. The center contains differentiated activities to meet the needs of all learners, recommended children's literature, and a letter to build a school-home connection.
