This revised edition of a now classic text includes a new introduction by Henry Jenkins, explaining ‘ Why Fiske Still Matters ’ for today ’ s students, followed by a discussion between former Fiske

File Type PDF Introduction To Communication Studies

students Ron Becker, Elana Levine, Darrell Newton and Pamela Wilson on the theme of ' Structuralism and Semiotics, Fiske-Style ' . Both underline the continuing relevance of this foundational text in communication studies. How can we study communication? What are the main theories and methods of approach?

File Type PDF Introduction To Communication Studies

This classic text provides a lucid, accessible introduction to the main authorities in the field of communication studies, aimed at students coming to the subject for the first time. It outlines a range of methods of analysing examples of communication, and describes the theories underpinning them. Thus armed, the reader will be able

File Type PDF Introduction To Communication Studies

to tease out the latent cultural meanings in such apparently simple communications as news photos or popular TV programmes, and to see them with new eyes.

In this introductory textbook, the author contextualises approaches and theories on communication studies by making use of

File Type PDF Introduction To Communication Studies

local examples from the mass media, as well as relevant political and social experiences. The book is divided into two parts. The first provides students with a strong foundation in communication while the second focuses on the areas of specialisation within communication studies. Each chapter starts with the

File Type PDF Introduction To Communication Studies

learning Outcomes and a short overview of the chapter. Students can monitor their learning by using the summaries and 'test yourself' questions at the end of every chapter. Scenarios provide examples of how the theory can be applied in practice. This makes for a learner-friendly and accessible book which will prove

File Type PDF Introduction To Communication Studies

invaluable to Students and professionals alike. Beginner students majoring in Communication Studies, as well as those studying towards various degrees or qualifications where communication is a prerequisite will find this book useful.

File Type PDF Introduction To Communication Studies programming. Studies In Communication

This volume provides a graduate-level introduction to communication science, including theory and scholarship for masters and PhD students as well as practicing scholars. The work defines communication, reviews its history, and

File Type PDF Introduction To Communication Studies

provides a broad look at how communication research is conducted. It also includes chapters reviewing the most frequently addressed topics in communication science. This book presents an overview of theory in general and of communication theory in particular, while offering a broad look at

File Type PDF Introduction To Communication Studies

topics in communication that promote understanding of the key issues in communication science for students and scholars new to communication research. The book takes a predominantly "communication science" approach but also situates this approach in the broader field of communication, and addresses

File Type PDF Introduction To Communication Studies

how communication science is related to and different from such approaches as critical and cultural studies and rhetoric. As an overview of communication science that will serve as a reference work for scholars as well as a text for the introduction to communication graduate studies course, this volume is an essential

File Type PDF Introduction To Communication Studies resource for understanding and conducting scholarship in the communication discipline.

This revised edition of a now classic text includes a new overview by Henry Jenkins, explaining "Why Fiske Still Matters" for today's students, followed by a discussion

File Type PDF Introduction To Communication Studies

between former Fiske students Kevin Glynn, Jonathan Gray, and Pamela Wilson on the theme of "Reading Fiske and Understanding the Popular". Both underline the continuing relevance of this foundational text in the study of popular culture. Beneath the surface of the cultural artifacts that surround us-shopping malls,

File Type PDF Introduction To Communication Studies

popular music, the various forms of television-lie a multitude of meanings and ways of using them, not all of them those intended by their designers. In Reading the Popular, John Fiske analyzes these popular "text" to reveal both their explicit and implicit (and often opposite) meanings and uses, and the social and political

File Type PDF Introduction To Communication Studies

Studies they reflect. Fiske's "readings" of these cultural phenomena highlight the conflicting responses they evoke: Madonna may be promoted as a "boy toy", but young girls feel empowered by her ability to toy with boys; Chicago's Sears Tower may be a massive expression of capitalist domination, but it can also allow one to

File Type PDF Introduction To Communication Studies

Studies in Communication tower over the city. In each case it is the latter option that interests him, for this is where Fiske locates popular culture: it is the point at which people take the goods offered them by industrial capitalism (however oppressive they may seem) and turn them to their own creative, and even subversive, uses. Designed as a companion

File Type PDF Introduction To Communication Studies to Understanding Popular Culture,

Reading the Popular gives the lie to theories that portray a mass audience that mindlessly consumes every product it is offered. Fiske's acute perception and lively wit combine to provide a truly democratic vision of popular culture, one that respects the awareness and the agency of the

File Type PDF Introduction To Communication Studies

people who make it. When it was first written, *Understanding Popular Culture* took a groundbreaking approach to studying such cultural artifacts as jeans, shopping malls, tabloid newspapers, and TV game shows, which remains relevant today. Fiske differentiates between mass culture-the cultural "products" put out by

File Type PDF Introduction To Communication Studies

an industrialized, capitalist society-and popular culture-the ways in which people use, abuse, and subvert these products to create their own meaning and messages. Rather than focusing on mass culture's attempts to dominate and homogenize, he prefers to look at (and revel in) popular culture's evasions and manipulations of

File Type PDF Introduction To Communication Studies

these attempts. Understanding Popular Culture presents a radically different theory of what it means for culture to be popular: that it is, literally, of the people. It is not imposed on them, it is created by them, and its pleasures and meanings reflect popular tastes and concerns-and a rejection of those fostered by mass culture.

File Type PDF Introduction To Communication Studies

With wit, clarity, and insight, Professor Fiske debunks the myth of the mindless mass audience, and demonstrates that, in myriad ways, popular culture thrives because that audience is more aware than anyone guesses. This classic text provides a lucid, accessible introduction to the main authorities in the field of communication

File Type PDF Introduction To Communication Studies

Studies, aimed at students coming to the subject for the first time. It outlines a range of methods of analysing examples of communication, and describes the theories underpinning them. Thus armed, the reader will be able to tease out the latent cultural meanings in such apparently simple communications as news photos or

File Type PDF Introduction To Communication Studies

popular TV programmes, and to see them with new eyes. Television is unique in its ability to produce so much pleasure and so many meanings for such a wide variety of people. In this book, John Fiske looks at television's role as an agent of popular culture, and goes on to consider the relationship between this cultural

File Type PDF Introduction To Communication Studies

dimension and television's status as a commodity of the cultural industries that are deeply inscribed with capitalism. He makes use of detailed textual analysis and audience studies to show how television is absorbed into social experience and thus made into popular culture. Audiences, Fiske argues, are productive,

File Type PDF Introduction To Communication Studies Studying In Communication

discriminating, and televisually literate. Television Culture provides a comprehensive introduction for students to an integral topic on all communication and media studies courses.

This introductory research text trains students to develop research arguments by

File Type PDF Introduction To Communication Studies

designing studies, gathering research evidence, and thinking critically about them. This textbook is ideal for the student with little or no research background. Fundamental research issues are discussed in detail and provide building blocks for further study, giving students both comfort and knowledge. This textbook is designed

File Type PDF Introduction To Communication Studies

to teach students how to "do scholarship" by making reasoned cases and offering research conclusions. The fourth edition features a complete updating of examples and revision of treatments of key concepts to maintain the timeliness of the book in the fast-changing world of communication studies research.
