GO Math! combines fresh teaching approaches with never before seen components that offer everything needed to address the rigors of new standards and assessments. The new Standards Practice Book, packaged with the Student Edition, helps students achieve fluency, speed, and confidence with grade-level concepts. GO Math! is the first K-6 math program written to align with the Common Core. With GO Math! you will hit the ground running and have everything you need to teach the Common Core State Standards. GO Math! combines fresh teaching approaches with everything needed to address the rigors of the Common Core Standards. Using a unique write-in student text at every grade, students represent, solve, and explain -- all in one place. - Publisher.

Inspire life-long readers as your Grade 2 students practice and prepare for testing with motivating nonfiction text and comprehension exercises! Developed by reading expert, Dr. Edward Fry, this series is based on articles from TIME For Kids® magazine and provides reading comprehension practice in standardized test format. Encourage daily practice of comprehension skills with articles edited for readability and improve students' standardized test scores with quick or in-depth activities. This resource is correlated to the Common Core State Standards. Book includes 144 pages plus a Teacher Resource CD.

Test with success using the Spectrum Math workbook! This book helps students in grade 5 apply essential math skills to everyday life. The lessons focus on multiplication and division, fractions, measurements, introductory geometry, and probability, and the activities help extend problem-solving and analytical abilities. The book features easy-to-understand directions and includes a complete answer key. Today, more than ever, students need to be equipped with the skills required for school achievement and success on proficiency tests. This 184-page book aligns with state and national standards, is perfect for use at home or in school, and is favored by parents, homeschoolers, and teachers.

Contains 20 nonfiction articles and comprehension exercises in standardized test format designed to help students become better readers and test takers.

Contains 20 nonfiction articles and comprehension exercises in standardized test format designed to help students become better readers and test takers.

A STEM unit aligned with mathematics Common Core State Standards in multiplication and robotics for elementary students. To use this curriculum students will need access to LEGO® WeDo 2.0 Robotics kits. The development of this curriculum was funded by the Bayer Fund and was developed and evaluated by the MySci program at Washington University and Maryville University in St. Louis, Missouri.

Based on articles from TIME for Kids magazine, activities provide reading comprehension practice in standardized test format.

Help your child hit new heights in test-taking with Spectrum Test Practice for grade 7. Aligned to current state standards, this workbook gets kids ready using practice tests, online exercises, tips, examples, and answer sheets genuine to the real math and language arts assessments. By providing an authentic test experience, you're helping your child build the skills and confidence to exceed assessment expectations. Spectrum Test Practice provides everything kids need to take on testing!including online practice pages, customized by state and grade-level.
