Excerpt from The Extra Pharmacopoeia The adoption in British Pharmacy of the metric weights and measures is still a desideratum; both are required, as where despatch has to be considered in dispensing liquids, they can be more accurately measured than weighed. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Each entry includes Martindale identity number, titles and synonyms, CAS registry number, pharmacopoeias in which substances appear, atomic and molecular weights, chemical and physical strengths (solubility, storage, and temperature), adverse effects, and dosage.

This is the 30th edition of "The Extra Pharmacopoeia". It offers up-to-date information on drugs and medicines that are used throughout the world. It is written for practising pharmacists and physicians and for all those involved in the field of drugs and medicines. This edition of "The Extra Pharmacopoeia" offers increased information on the proprietary medicines; a shift to a more clinical emphasis; and an increase in the number of referenced reviews. Altogether there are 5132 monographs, grouped either in clinical terms or in pharmaceutical terms. Supplementary drugs are also covered. At the same time, new information is offered on preparations (46,000 from 14 countries - also some preparations from Japan). Each entry provides the proprietary name, the manufacturer or distributor, the active ingredients and a summary of the indications. The indexes are important in this work, offering 153,786 entries in 450 pages. Every drug is listed with its name, synonym, code and chemical name.

Martindale: The Complete Drug Reference provides unbiased and evaluated information on drugs and medicines in use around the world. It is prepared by an experienced team of pharmacists and life scientists who use their professional expertise to select the most clinically relevant and appropriate information from reliable published sources.
