Recommendation letter is written, when you would like to recommend any of your subordinates or colleagues or college juniors for a job. Since, engineering is a competent field, where the candidate will face severe competition. It is important that the recommendation letter sent should be professional and to the point. The letter should be addressed to the appropriate person and mention the correct designation of the person. Writing a generic salutation creates a bad impression.

Provides pragmatic advice on the nonimmigrant work authorization, including: specialty occupations (H-1Bs); intra-company transfers from abroad (L-1); treaty traders/investors (E-1 and E-2) and more.

A practical how-to book, ENGINEERING COMMUNICATION is more than a guidebook for creating clear, accurate and engaging communication -- it is a complete teaching tool that includes the use of technology to produce dynamic written, oral, and visual communication. There are numerous complete examples, many taken directly from either student or business samples. It also asks students to critically examine the goals and methods of engineering communication. Written with step-by-step instruction on how to create both written and oral communication, the pedagogy includes end-of-chapter exercises to give the students opportunity to use what they have learned, and for the instructor to assess student mastery. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
