Combining detailed observations of children's daily life in a Cambodian orphanage with follow-up interviews of the same children after they have grown and left, this book shows how orphanages can be configured to meet children's developmental needs, providing evidence that they are not always bleak sites of deprivation and despair.

Twelve years ago, a tragic airline crash alerted the SSSP to the activities of aliens on Earth. But what was Bemular doing there when the plane went down? Was he responsible for the crash? The answers to these questions could confirm the SSSP's suspicions, but accepting the facts will be more difficult. The secrets that Shinjiro and Dan uncover may take them into a trap they can't escape... -- VIZ Media

Called the Bible of Public speaking, Knockout Presentations is a "seminar in a book" that reduces fear and gives speakers the steps to craft and deliver a talk that will make them a knockout on the platform! It's the next best thing to having Diane DiResta there to teach in person. DiResta provides all the fundamentals without the fluff. Speakers learn what confidence looks like, sounds like, and how to speak the language of confidence, reduce preparation time, craft a compelling talk, size up an audience, overcome fear, and master questions and answers. The Dos and Don'ts at the end of each chapter help speakers review and remember the principles even after putting them into practice. Speaking is the new competitive advantage and Knockout Presentations gives speakers tools and techniques, templates, and resources to improve their skills.

This new series traces the development of fighting equipment from the raw metal phase through construction and testing to combat. The first volume examines the finest U.S. fighter of World War II, the Mustang, through archival photos, detailed scale drawings, text outlining the plane's history and production techniques, and appendices packed with production facts and figures.
