Think of this dictionary as insurance! Hopefully you won't need it, but what if you do? Be wary of anyone stating a dictionary is not necessary for the exam. I have received testimonial after testimonial from former students thanking me for recommending that they bring a dictionary to the exam. Don't believe me? Go on Amazon and read the reviews for yourself. Terms can (and do) appear on the examination that you may not be familiar with. What if they are not defined in your reference books, then what? Everyone's vocabulary is different and what's familiar to you, may not be familiar to the person sitting next to you and vice versa. This dictionary may very well be the difference in you passing your examination. I wrote this dictionary with only one objective, to help you pass the PE Civil examination!
