Why would a talented young woman enter into a torrid affair with hunger, drugs, sex, and death? Through five lengthy hospital stays, endless therapy, and the loss of family, friends,

In the vein of *An Unquiet Mind* comes a storm of a memoir that will take you deep inside bipolar disorder and

violently careening mood swings by self-starvation, substance abuse, numbing sex, and self-mutilation. How Hornbacher fights her way up from a madness that all but destroys her, and what it is like to live in a difficult and sometimes beautiful life and marriage—where bipolar always

portrait of her own bipolar as early as age four will powerfully change, too, the current debate on whether bipolar in children actually exists. New York Times“Humorous, articulate, and self-aware...A story that is almost impossible to put down.”— “With the same intimately revelatory and
