The Never Hero, written by T. Ellery Hodges, is the first in a series of science fiction/fantasy stories aimed at young adults, and other readers who enjoy stories such as these. Even though we have all the weird time paradox as ...

What if when you died, no one would ever know you were all that stood between man and the enemy? When Jonathan Tibbs awakes in a puddle of his own blood, there isn't a scratch on him to explain it. In the weeks to follow, he comes to find he's been drafted for a war with a violent otherworldly species. A war that only he can remember. Now, the man Jonathan imagined himself becoming is no longer the man who can endure his future. The first installment in this science fiction action adventure series, *The Never Hero* is a gritty and honest look at the psychological journey of a man forced to forge himself into a weapon. Abandoned with little guidance, and at the mercy of a bargain struck far outside his reach, Jonathan races to unlock the means to surmount the odds, and understand the mystery behind a conflict raging outside of time and memory. In the end, the real question is what Jonathan is willing to become to save a planet that will never see his sacrifice.

At the gates between worlds... In a war outside of time... He fights for us. Reclusive college student Jonathan Tibbs wakes in a pool of blood, not a scratch on him. His life is about to undergo a massive shift. A violent and monstrous alien enemy unleashes slaughter in the streets, calling out in a language only he understands. And it is seeking its challenger. In order to defeat the threat, Jonathan must become a temporal weapon, while remaining completely anonymous. Unfortunately, harnessing off-world powers has its own special challenges... *The Never Hero* is the first installment in *The Chronicles of Jonathan Tibbs* -- a mind-bending, genre crossing, action-adventure trilogy. packed, psychological and smart." Amazon Reviewer, Sam G - See full review below."I have a feeling I will be mulling over the philosophical ideas presented in this book for a very long time. Interesting, thought provoking, inspiring. Write faster, we need more books that pull on heart strings and keep the reader totally involved." Amazon Reviewer, Laura Lee - See full review below."The Never Hero is a book I wish I hadn't read -- so I could read it for the first time. Hodges has crafted a superb story about a hero who isn't. But he is. Even though he isn't. He has created a literary landscape equal to the task; a story that comes upon you slowly, then grabs you by the throat and refuses to let go. I can highly recommend both this title and author. If you enjoy scifi, this will thrill you. If you enjoy being surprised, this will catch you completely off guard. I was upset it was over. I want more!" Amazon Reviewer, Joe - See full review below."Say Joss Whedon's Buffy The Vampire Slayer got together with Christopher Nolan's Inception and made a baby. Then, M. Night Shyamalan's Unbreakable got together with Orson Scott Card's Ender's Game and made a baby. Then those two babies grew up, eloped and had a love child, who they put up for adoption, and was raised by the surrogate parent's of Sylvester Stallone's Rocky and the Wachowski Brother's Matrix, but had a crazy Uncle they all called The Karate Kid... Then you might get something as awesome as The Never Hero." Amazon Reviewer, Scott Baker - See full review below."I think it's only a matter of time before 'The Never Hero' becomes a Sci-Fi bestseller and a blockbusting movie. The story is more than gripping, it's throat clutching." Amazon Reviewer, Maria Stoica - See full review below. Get your copy and start reading today!

If you lost a piece of your memory...Would you trust yourself to have made the right choices...In the moments you can't remember. The Ferox assault has been escalating, drawing Jonathan into combat more and more frequently. With each passing day, he's grown stronger. He can't be certain, but his

attackers seem to be getting... more dangerous'...and, of course, Heyer is gone, again. Then came the glitch. Unexpectedly pulled from battle, Jonathan finds he cannot recall the final moments of his last confrontation. Convinced that his memory loss was no accident, he must uncover the truth. His only leads are a less than helpful artificial alien intelligence, and Rylee, a mysterious and possibly crazy woman, who seems to think they share a history he doesn't remember. With no means to contact the only being who can give him answers, and knowing he has gaps in his memory, Jonathan must make every move uncertain of the consequences. The blond man better show up soon, because events hidden in Jonathan's lost memories may trigger a war humanity isn't ready to fight. The Never Paradox is book two in The Chronicles of Jonathan Tibbs, readers who have not yet completed book one, The Never Hero, will have difficulty following. Parental Warning: This series attempts to keep swearing to a minimum. However, the sequel has one unavoidable usage of the F-word. This is due to its presence in a direct quote taken from another piece of fiction.
