Lara Zielin combines storm chasing with real issues like alcoholic mothers and everything is a metaphor for the other and I just loved the way she tied everything together so beautifully. The Waiting Sky's storytelling absolutely masterful in the way that Lara Zielin was able to tie it all together so when you were reading on event, you could easily see it back to something to do with Jane's mother.

Amazon.com: The Waiting Sky (9780399256868): Zielin, Lara ...

The Waiting Sky has a pretty cool and unique premise, a summer of tornado chasing as sort of a catharsis after narrator Jane McAllister's relationship with her alcoholic mother hits rock bottom. So there's both meteorology and a tough personal story, plus parallels between the two.

The Waiting Sky by Lara Zielin

Lara Zielin, the acclaimed author of *The Implosion of Aggie Winchester* and *Donut Days*, lives in Ypsilanti, Michigan. Editorial Reviews Gr 8 Up—After her mother's alcoholism places her best friend's life in jeopardy, anger and confusion spur 17-year-old Jane to take a summer job away from Minnesota, photographing tornadoes for her brother Ethan's chase team.

Lara Zielin (Author of The Waiting Sky) - Goodreads

The Waiting Sky by Lara Zielin ISBN 13: 9780399256868 ISBN 10: 0399256865 Hardback; Putnam Juvenile; ISBN-13: 978-0399256868

9780399256868 - The Waiting Sky by Lara Zielin

One of Zielin's strengths as a writer is that she really "gets" teens: their voices, angst, and insecurities. Another is that she's not afraid to throw her protagonists into no-win situations and watch them claw their way out.

Lara Zielin Quotes (Author of The Waiting Sky)

The Waiting Sky by Lara Zielin is about twisters, storms, and chaos—heavy weather in the sky and of the heart.

One summer chasing tornadoes could finally change Jane's life for the better. Seventeen-year-old Jane McAllister can't quite admit her mother's alcoholism is spiraling dangerously out of control until she drives drunk, nearly killing them and Jane's best friend. Jane has only one place to turn: her older brother Ethan, who left the problems at home years ago for college. A summer with him and his tornado-chasing buddies may just provide the time and space Jane needs to figure out her life and whether it still includes her mother. But she struggles with her anger at Ethan for leaving home and feels guilty--is she also abandoning her mom just when she needs Jane most? The carefree trip turned journey of self-discovery quickly becomes more than Jane bargained for, especially when the devilishly handsome Max steps into the picture.

Emma's life is a mess. Her best friend isn't talking to her, and the boy she's known forever and dismissed has turned into a hottie. As if that weren't enough, her preacher parents have decided not to pay for college unless Emma goes to a Christian school, something she will never do. Enter the Crispy Dream—a new donut franchise where people camp out waiting to be the first ones served. The local paper is running a scholarship for the person who writes the best feature story about the donut camp. Joining the camp could be Emma's big chance at taking control of her future. But it's going to take a lot of faith in the human spirit—and a few donuts—to change her life.

Are you ready to write a better story for yourself? Author Your Life is the oh-heck-yeah transformation that can happen when you literally put pen to paper and write the life you want to have. In Author Your Life, you'll get practical, hands-on help for how to become the main character in your own real-life adventure. Lara Zielin will show you how to write a better story for yourself in four main areas: loving yourself, finding your purpose, body and health, and financial abundance. In the process, this book will guide you through your own Hero's Journey, step by step. As the author of six published novels, Lara knows how stories work. Author Your Life is what happened when Lara turned the tables and started creating a world for herself, exactly the same way that she would create a world for her characters. For one year, Lara wrote the unimaginatively titled "Lara's Life," where she literally created the story of how she wanted her life to be. Everything changed as a result. Her health, her finances, her relationships, her heart, and so much more. The power of words is completely amazing and totally legit! You don't have to travel a thousand miles or attend a 20-day meditation retreat or do a cleanse to write a better story for yourself. You can do this in your pajamas, starting right where you are. So get out your pens, your story is about to begin.

After his older brother is killed, David turns to anger and his parents to religion, but just as David's life is beginning to make sense again his parents press him and his sister to join them in cutting worldly ties to prepare for the Rush, when the faithful will be whisked off to heaven.

Sixteen-year-old Aggie Winchester couldn't care less about who's elected prom queen—even if it's her pregnant Goth-girl best friend, Sylvia Ness. Aggie's got bigger things to worry about, like whether or not her ex-boyfriend wants to get back together and whether her mom will survive cancer. But like it or not, Aggie soon finds herself in the middle of an unfolding prom scandal, largely because her mom, who is the school's principal, is rumored to have burned prom ballots so Sylvia won't be elected queen. Aggie's own investigation makes her wonder if the election could be dirty on both sides.

Ten-year-old girls don't wear wigs. So why is Anya wearing one? That's what Keely wants to know. But when Anya's wig falls off in front of the whole class, Keely realizes what she really wants is to help Anya, even though she's not sure how--and even though it means she'll have to do something she's afraid of: stand up to her friends. As for Anya, she just wants her hair to grow back, but no one can tell her whether it ever will. How can she learn to accept

her disease when she can't even look in the mirror?

My Eyes Are Up Here is a razor-sharp debut about a girl struggling to rediscover her sense of self in the year after her body decided to change all the rules. If Greer Walsh could only live inside her head, life would be easier. She'd be able to focus on excelling at math or negotiating peace talks between her best friend and . . . everyone else. She wouldn't spend any time worrying about being the only Kennedy High student whose breasts are bigger than her head. But you can't play volleyball inside your head. Or go to the pool. Or have confusingly date-like encounters with the charming new boy. You need an actual body for all of those things. And Greer is entirely uncomfortable in hers. Hilarious and heartbreakingly honest, *My Eyes Are Up Here* is a story of awkwardness and ferocity, of imaginary butterflies and rock-solid friends. It's the story of a girl finding her way out of her oversized sweatshirt and back into the real world.

They say the dead should rest in peace. Not all the dead agree. This start to *The Undertaken* trilogy is a “thought-provoking gothic fantasy” and a “genuinely eerie tale” (Publishers Weekly). When Silas Umber’s father, Amos, doesn’t come home from work one night, Silas discovers that his father was no mere mortician, but an Undertaker who worked to bring The Peace to lost and wandering souls. With Amos gone, Silas and his mother move back to Lichport, the crumbling seaside town where he was born, and Silas seizes the opportunity to investigate his father’s disappearance. When his search leads him to his father’s old office, he comes across a powerful artifact: the Death Watch, a tool that allows the owner to see the dead. Death Watch in hand, Silas begins to unearth Lichport’s secret history—and discovers that he has taken on his father’s mantle as Lichport’s Undertaker. Now, Silas must embark on a dangerous path into the Shadowlands to embrace his destiny and discover the truth about his father—even if it kills him. Critically acclaimed folklorist Ari Berk explores the worlds of the living and the dead, and the relationships between parents and children in a novel steeped in lore, mystery, and magic.

Fanboy has never had it good, but lately his sophomore year is turning out to be its own special hell. The bullies have made him their favorite target, his best (and only) friend seems headed for the dark side (sports and popularity), and his pregnant mother and the step-fascist are eagerly awaiting the birth of the alien life form known as Fanboy's new little brother or sister. Fanboy, though, has a secret: a graphic novel he's been working on without telling anyone, a graphic novel that he is convinced will lead to publication, fame, and--most important of all--a way out of the crappy little town he lives in and all the people that make it hell for him. When Fanboy meets Kyra, a.k.a. Goth Girl, he finds an outrageous, cynical girl who shares his love of comics as well as his hatred for jocks and bullies. Fanboy can't resist someone who actually seems to understand him, and soon he finds himself willing to heed her advice--to ignore or crush anyone who stands in his way.

"Albert Camus meets Mariah Fredericks in this smart, edgy take on one adolescent's search for identity and meaning in life." — Kirkus Reviews On the outside, Libby Brin is the most popular girl in school. But on the inside, Libby is dying -- of boredom. In a moment of desperation, Libby signs up for an internship at the Los Angeles Zoo, much to the dismay of her friends, who'd prefer she spend her time with them, shopping, partying, and making fun of everyone else. Oddly, Libby realizes that she actually enjoys her new job and that she may even like the two "nerds" she works with. Will the Queen of Cool be forced to give up her crown?
