power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. *A Promised Land* is extraordinarily intimate and introspective—the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of “hope and change,” and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

black-and-white illustrations throughout, this biography is perfect for primary graders looking for a longer, fuller life story than is found in the author's bestselling beginning reader *Barack Obama: United States President*.

From one of our preeminent journalists and modern historians comes the epic story of Barack Obama and the world that created him. In *Barack Obama: The Story*, David Maraniss has written a deeply reported generational biography teeming with fresh insights and revealing information, a masterly narrative drawn from hundreds of interviews, including with President Obama in the Oval Office, and a trove of letters, journals, diaries, and other documents. The book unfolds in the small towns of Kansas and the remote villages of western Kenya, following the personal struggles of Obama's white and black ancestors through the swirl of the twentieth century. It is a roots story on a global scale, a saga of constant movement, frustration and accomplishment, strong women and weak men, hopes lost and deferred, people leaving and being left. Disparate family threads converge in the climactic chapters as Obama reaches adulthood and travels from Honolulu to Los Angeles to New York to Chicago, trying to make sense of his past, establish his own identity, and prepare for his political future. *Barack Obama: The Story* chronicles as never before the forces that shaped the first black president of the United States and explains why he thinks and acts as he does. Much like the author's classic study of Bill Clinton, *First in His Class*, this promises to become a seminal book that will redefine a president.

University Press returns with another short and captivating portrait of one of history's most compelling figures, Barack Obama. Barack Obama is considered one of the most significant figures of the 21st century. He was the first African-American President of the United States, his signature "Obamacare" Patient Protection and Affordable Care Act extended health insurance coverage to 20 million Americans, he is credited with pulling the American economy back from the brink of an economic depression, he expanded federal hate crime laws to include crimes motivated by a victim's gender or sexual orientation, he ended the "don't ask, don't tell" policy in the U.S. armed forces, his administration urged the Supreme Court to strike down same-sex marriage bans (which it did), he nominated two women (and America's first Hispanic) to the Supreme Court, he substantially escalated the use of drone strikes against terrorists associated with al-Qaeda and the Taliban, he committed the United States to the Paris Agreement on global climate change, he brokered the JCPOA nuclear deal with Iran, he normalized U.S. relations with Cuba, and he won the Nobel Peace Prize. Barack Obama was born in Honolulu, Hawaii on August 4, 1961. His mother was a white American from Kansas. His father was a black East African from Kenya. He grew up in Seattle, Honolulu, and Jakarta, attended college in Los Angeles, graduated from Columbia University in New York, graduated from Harvard Law School in Cambridge, met and married his wife, Michelle, in Chicago, and, for eight years, lived in the White House in Washington D.C. This short book tells the intensely human story of a man who changed the world in a way that no one else could.

Post Book World). "Quite extraordinary." Toni Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother's family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father's life, and at last reconciles his divided inheritance. Praise for *Dreams from My Father* "Beautifully crafted . . . moving and candid . . . This book belongs on the shelf beside works like James McBride's *The Color of Water* and Gregory Howard Williams's *Life on the Color Line* as a tale of living astride America's racial categories." Scott Turow "Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus belonging to neither." *The New York Times Book Review* "Obama's writing is incisive yet forgiving. This is a book worth savoring." Alex Kotlowitz, author of *There Are No Children Here* "One of the most powerful books of self-discovery I've ever read, all the more so for its illuminating insights into the problems not only of race, class, and color, but of culture and ethnicity. It is also beautifully written, skillfully layered, and paced like a good novel." Charlayne Hunter-Gault, author of *In My Place* "Dreams from My Father is an exquisite, sensitive study of this wonderful young author's journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Perceptive and wise, this book will tell you something about yourself whether you are black or white." Marian Wright Edelman

paperback. Ever since Barack Obama was young, Hope has lived inside him. From the beaches of Hawaii to the streets of Chicago, from the jungles of Indonesia to the plains of Kenya, he has held on to Hope. Even as a boy, Barack knew he wasn't quite like anybody else, but through his journeys he found the ability to listen to Hope and become what he was meant to be: a bridge to bring people together. This is the moving story of our 44th President, told by Nikki Grimes and illustrated by Bryan Collier, both winners of the Coretta Scott King Award. Barack Obama has motivated Americans to believe with him, to believe that every one of us has the power to change ourselves and change our world.

Since delivering his keynote speech at the 2004 Democratic National Convention, Barack Obama has been hailed as the clear saviour of not only the Democratic party, but of the integrity of American politics. Despite the fact that he burst onto the national scene seemingly overnight, his name recognition has grown by leaps and bounds ever since. And in November 2008, he was elected the next President of the United States. Barack Obama in His Own Words is a book of quotes from the Illinois Senator that allows those who aren't as familiar with his politics to learn quickly where he stands on abortion, religion, AIDS, his critics, foreign policy, Iraq, the War on Terror, unemployment, gay marriage, and a host of other important issues facing America and the world. Informative and easy to read, this is the perfect potted history for those who don't have time to read the biography of America's first Black President. Lisa Rogak is the author of In His Own Words: Colin Powell and Howard Dean In His Own Words. Her works have been reviewed and otherwise mentioned in the Wall Street Journal, USA Today, Family Circle, and hundreds of other publications. She lives in Lebanon, New Hampshire. "I wouldn't run if I didn't think I could win." "I don't want people to pretend I'm not black or that it's somehow not relevant."

#1 NEW YORK TIMES BESTSELLER — Barack Obama’s lucid vision of America’s place in the world and call for a new kind of politics that builds upon our shared understandings as Americans, based on his years in the Senate — In our lowdown, dispiriting era, Obama’s talent for proposing humane, sensible solutions with uplifting, elegant prose does fill one with hope. —Michael Kazin, *The Washington Post* In July 2004, four years before his presidency, Barack Obama electrified the Democratic National Convention with an address that spoke to Americans across the political spectrum. One phrase in particular anchored itself in listeners’ minds, a reminder that for all the discord and struggle to be found in our history as a nation, we have always been guided by a dogged optimism in the future, or what Obama called “the audacity of hope.” *The Audacity of Hope* is Barack Obama’s call for a different brand of politics—a politics for those weary of bitter partisanship and alienated by the “endless clash of armies” we see in congress and on the campaign trail; a politics rooted in the faith, inclusiveness, and nobility of spirit at the heart of “our improbable experiment in democracy.” He explores those forces—from the fear of losing to the perpetual need to raise money to the power of the media—that can stifle even the best-intentioned politician. He also writes, with surprising intimacy and self-deprecating humor, about settling in as a senator, seeking to balance the demands of public service and family life, and his own deepening religious commitment. At the heart of this book is Barack Obama’s vision of how we can move beyond our divisions to tackle concrete problems. He examines the growing economic insecurity of American families, the racial and religious tensions within the body politic, and the transnational threats—from terrorism to pandemic—that gather beyond our shores. And he grapples with the role that faith plays in a democracy—where it is vital and where it must never intrude. Underlying his stories is a vigorous search for connection: the foundation for a radically hopeful political consensus. Only by
